LATIN AMERICAN DEVELOPMENT STUDIES MINOR

EDUCATION + DEVELOPMENT STUDIES

Education asks: How do people learn and develop?
Development Studies asks: Why do social and economic conditions shape educational opportunities?
Together, they prepare you to promote equity in education—locally and globally.

SEE THE BIGGER PICTURE

- How do inequality and poverty affect access to education?
- How do culture and language shape learning experiences?
- What does equitable education look like across societies?

SKILLS YOU BUILD

- Cross-cultural communication skills
- Critical thinking about inequality and social justice
- Research skills grounded in real-world issues
- A global perspective valued by employers and graduate programs

REAL-WORLD RELEVANCE

- Education in Context: Understand how inequality and policy shape schooling outcomes
- Cultural Competence: Work effectively with diverse student populations
- Community-Based Education: Learn how local initiatives expand access and opportunity

CAREER PATHWAYS

- Teaching in diverse and multilingual classrooms
- Education policy and reform
- International education and development
- Community-based education programs
- Advocacy for equitable access to education
